

# Hybrid Flipped Classroom

## CREATE! 2013 – Brandon Aigner, OHJHS

Flip: Reversing the structure of a class so students hear lectures at home and work on problems in class.

Technology Needed (Student)  
Computer/internet access

Technology Needed (Teacher)  
Website/video hosting capability  
Flip Camera  
Screen recording function  
Smart recorder, Quicktime  
White board/Smart board

Video Types:  
Flip Camera  
Screen capture  
Educreations (iPad)

Phase I: Mini Lecture/Review  
Phase II: Section questions  
Phase III: Open questions

Website Link: <http://tinyurl.com/kw5dj9u>

Advantages  
Absences  
Differentiation  
Review  
Consistency

Challenges  
Transition  
Monitoring

Ways to adapt  
Flash drive  
Student creation
